Welcome to joint webinar between IEA programs on “Buildings & Communities (EBC)” and “Solar Heating & Cooling (SHC)”

Takao Sawachi
Chair, Buildings and Communities program

11th June 2021

Both programs are the most active ones among 37 technology programs, and related to buildings and communities!

Country members: 26
Ongoing & completed projects: 20, 71

Country members: 19
Organization members (EU, industries): 9
Ongoing & completed projects: 8, 58
Collaboration between the programs

- **Collaborative projects**
  
  SHC Task 61 & EBC Annex 77 “Solutions for Daylighting and Electric Lighting” (2018-2021) **Ongoing**
  
  

- **Joint committee meetings at least every three years**

---

Expected future collaborations

- **Use of solar energy especially for space heating and DHW** should be promoted in appropriate climatic conditions.

- **Solar techniques** should be combined with other techniques for envelope and technical systems.

- Practitioners are waiting for standards and guidelines describing concretely how they should design and install.

- **Mutual reviews and understanding of completed existing deliverables of two programs** and findings of common problems and interests are a starting point of further collaboration and joint projects.
Thank you for your attention and
Please enjoy technical presentations!
